

Registered Nurse

Job description:

Ag Worker Health & Services, founded in Montana in 1972 is seeking a patient-centered Registered Nurse in our Billings, MT clinic.

We are seeking a full-time/part-time candidate with the passion and skills to deliver high quality health care to patients and families of agricultural workers. Our agency provides integrated medical, dental and behavioral health care in a team-based atmosphere.

The Registered Nurse will assist medical providers and other team members in providing safe, effective, quality primary, preventative, and evidence-based health care to patients in a culturally competent manner.

Fun opportunity to work outside the clinic setting during outreach clinics and school screenings if you are interested.

Visit our website at agworker.org to find out why RNs choose to work with our agency.

Mission Statement: To improve the lives of agricultural workers and their families and others living in rural poverty.

Benefits:

- 401(k)
- Health insurance
- Paid time off
- Tuition reimbursement

Pay: \$35.00 - \$40.00 per hour
